

Look at what we've
been learning
Summer 2 EYFS

Communication and language

Physical Development

Our fine motor skills helped us to make ice cream and starfish...

Diversity Day
Got us thinking about how we use our bodies in different ways. We watched the paralympics in P.E and learnt how to do curling in a different way.

And butterflies to decorate our outdoor reflection space.

Personal, Social and Emotional Development

Working as a team to harvest our Great British potatoes! They were red, white and blue!

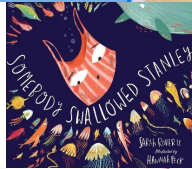

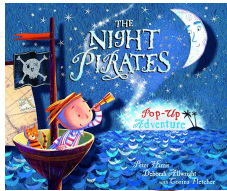

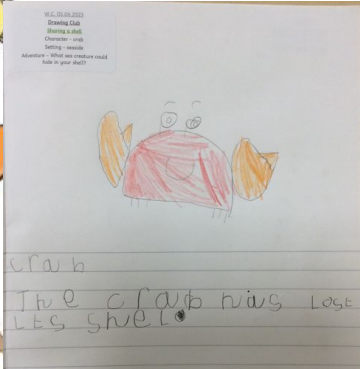

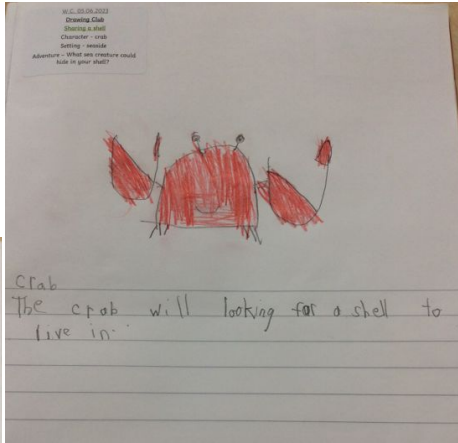

Diversity Day got us thinking about the people around us, our similarities and our differences.

Team games with the parachute

Literacy

Maths

"I know all the ways to make 5!"

"I've got an odd and even number."

In maths this half term we have been looking at sorting and grouping numbers. We have also explored odd and even numbers. We have enjoyed looking at maps and creating our own pirate maps.

Understanding the World

Our map exploring came from our Pirates but led into music and where we find different instruments.

Expressive Arts and Design

We loved our Boomwhacking session! Everyone was really good at following the beat of the music and agreed some great tunes were played!

Our Pirate weeks saw us making costumes, maps, treasure and getting into character!

Teddy Bear's Picnic

We had a great time at our teddy bear's picnic in the park.

We enjoyed a feast with our teddies and playing on the park equipment.

BEACH DAY!!

The culmination of our Seaside theme with paddling pools, water fun, bouncy castles, hot dogs and ice creams!
