

WELCOME TO Y1/2

# ***The Secret Garden***

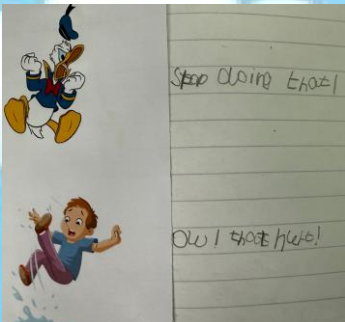

SUMMER 2

*Learning for all, caring for each other, preparing for the future.*  
*'Let us encourage one another' Hebrews 10.25*

Jack is a boy. He is short and poor. He has short hair and blue eyes. He wears red and no shoes.

Jack was in the house. He was a little boy and he had brown hair. He was very poor.

mom said to sell the cow.  
Jack met a man on the way.  
He gave Sam<sup>12</sup> beans for the cow.  
mom grate the beans.

A beanstalk grew in the garden!  
It was tall and green. Jack went up to the  
top of the castle.

A: The top was a big castle. He went into the giant  
was in there. He was a big and mean giant and had  
a hen and a heep.

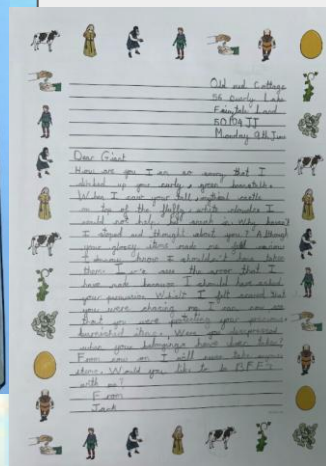

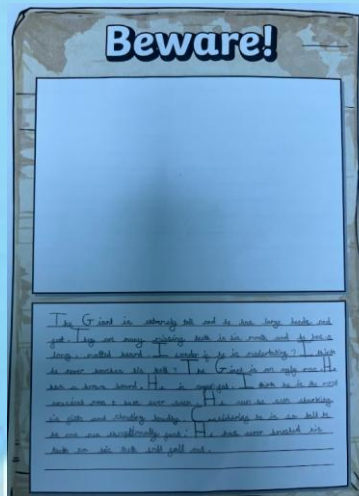

He hid from the giant. He jumped out! He took the hen and ran. He climbed out down the back stairs.

Jack got to the top. He went down and down the beak stalk. The hawk went after him. Mum chopped the beak stalk down. Jack and his mum had a nap ever after.

# English

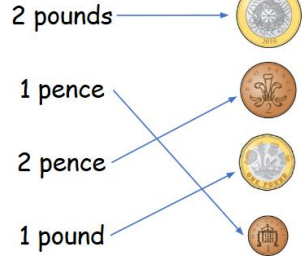

We read the story Jack and the Beanstalk. We wrote retellings and descriptions whilst studying each story.

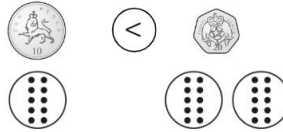

In English, we wrote our own instruction for a range of different outcomes.

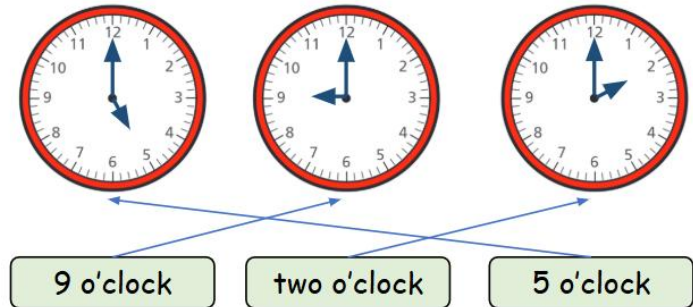

# Y1 Maths

Write  $>$  or  $<$  to compare the amounts.

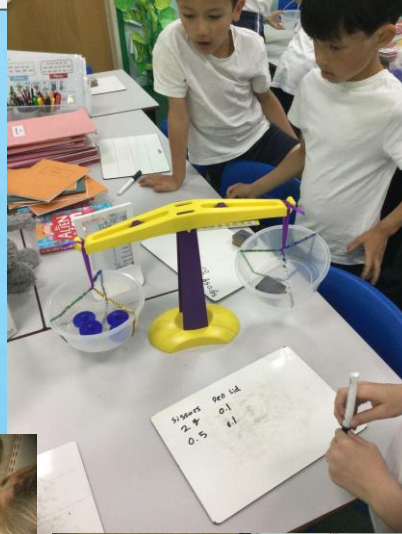

In Y1 maths, this term we have been learning about numbers to 100. We have been comparing numbers, putting them on a number line and partitioning them into tens and ones. We have also been learning to tell O'clock and half-past times. During the last two weeks of term, we have been learning to recognise coins and working on our understanding of how much different coins are worth.

# Y2 Maths

We learnt about length and height, measuring in cm and m.

We have also been learning about weight and mass. We looked at using scales to weight objects in grams. We have also looked at capacity and volume.

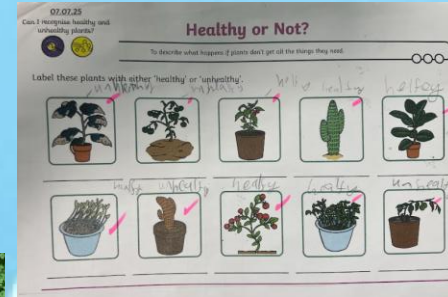

We learnt about statistics, including tally charts, block diagrams and pictograms. Finally we looked at position and direction.

# Science

We have carried on looking at plants this half term. We have learnt about what plants need to grow and how to keep plants healthy.

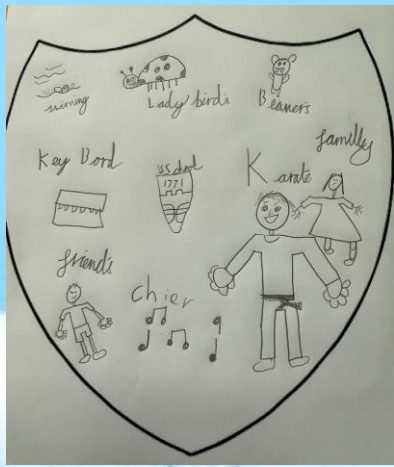

We identified evergreen and deciduous trees. We looked at the different parts of a tree and how they function.

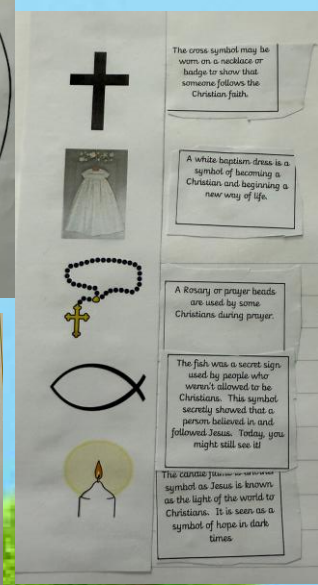

We also look at how plants survive in different habitats around the world.

# RE

In RE, we finished exploring the question 'What does it mean to belong to a faith community?'. We learnt about promises made in different religious weddings and made comparisons.

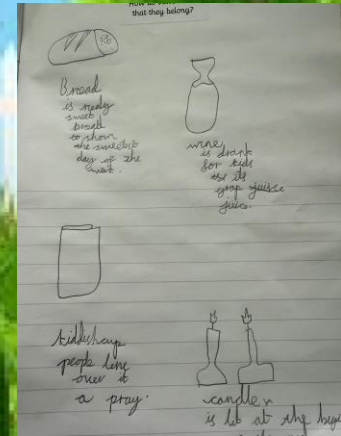

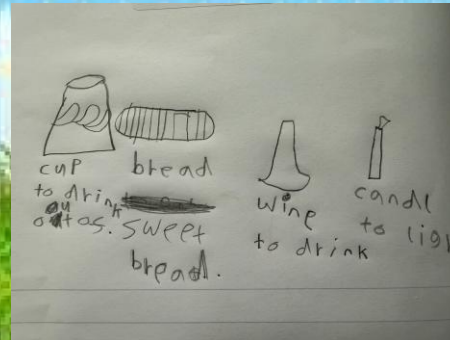

TX.00.42

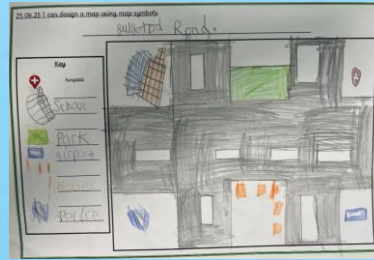

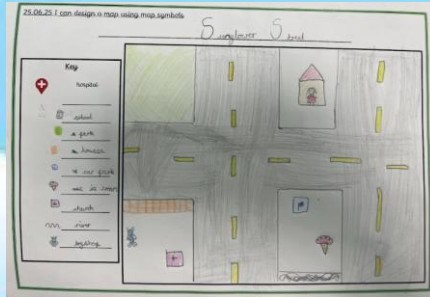

## How do Muslims show they belong?

We considered ways that Muslims show that they belong within their religion. We then compared the differences between how Christians and Muslims show belonging.

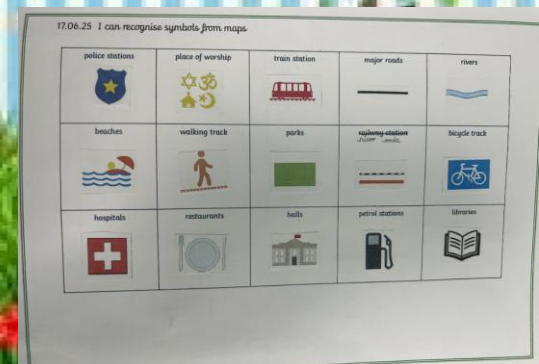

Islam	Christianity

# Geography

In geography, we have been learning how to use a compass. We used the compass points to complete movement challenges and navigate around a map. We looked at maps and looked at the symbols used on maps. Finally, we created our own maps for an imaginary town using map symbols.

# Computing

We have enjoyed learning how to take good digital photographs on ipads. We learnt about framing the object in the lens and lighting.

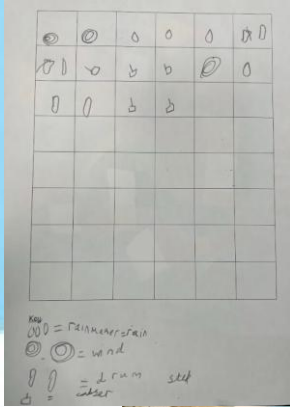

# Harlow Carr Gardens

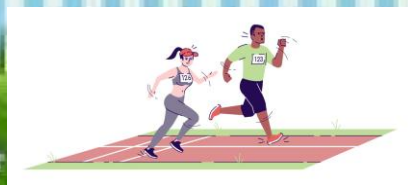

# Music

In music, we have been exploring percussion instruments. We thought about the sounds that we hear in the garden and then chose instruments to re-create the sounds. The children wrote a music score using symbols so they knew who was playing when and performed to the class.

# PE

We have loved working with Mr Sellers this half term to practice our athletic skills in preparation for sports day! We also enjoyed a HIIT session with David from skip2bfit.

# *Sports Day!*

Garden of Happiness  
by  
Ana-Maria Edulescu

We have been inspired by the beautiful artwork of Ana-Maria Edulescu and her Garden of Happiness.

We have created a mixed media picture using "happy colours" with coloured pencils, felt pens, oil pastels, paint and tissue paper.

# Art

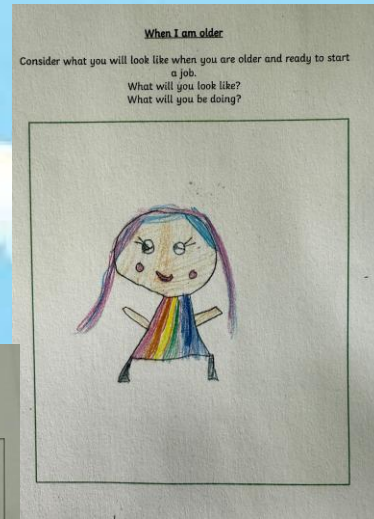

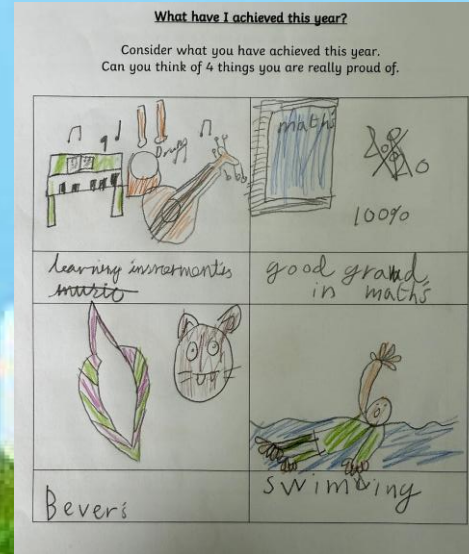

We have been inspired by  
'The Garden of  
Happiness'.

# RHE

In RHE this term we have been discussing the changes we will encounter and the ways in which we can develop resilience towards change.

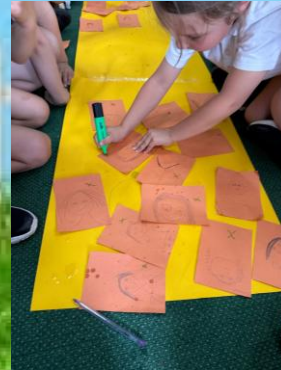

We thought about our future selves and what we would like to be when we grow up and also talked about more imminent changes like moving class.

# Enrichment Week

During enrichment week, we explored a range of different subjects such as STEM, music and art. We really enjoyed showcasing the arts during Arts Evening and during our art gallery.

THANK YOU FOR READING ABOUT  
OUR LEARNING IN KS1.

*Learning for all, caring for each other, preparing for the  
future.*
