

A lush green rainforest scene with dense foliage and trees, partially obscured by a white text box in the center. The background shows a misty or overcast sky above the canopy.

Year 3/4  
Spring Term 2  
2026

Rainforests

# English

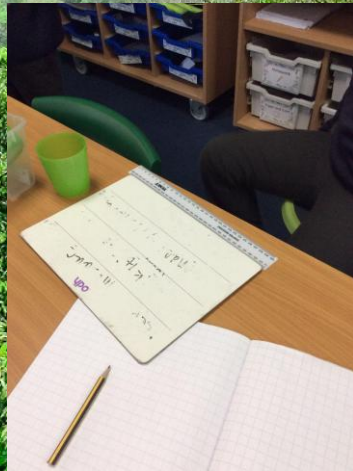

We have been writing our own versions of The Great Kapok Tree. We identified different prepositions in the story and have been practising punctuating speech to support us with our planning and drafting of this story.

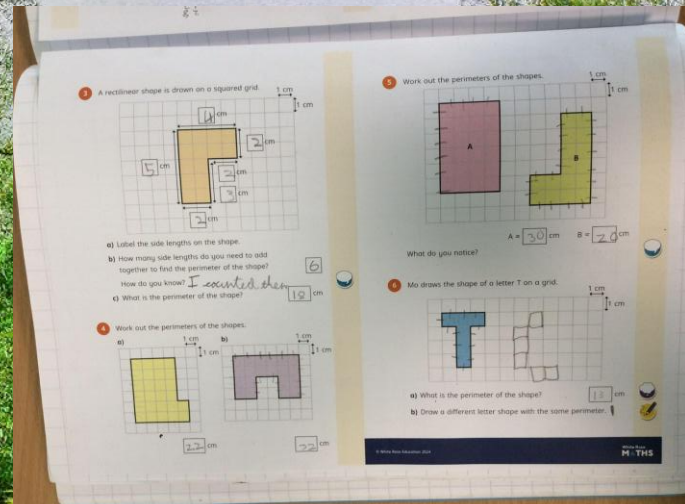

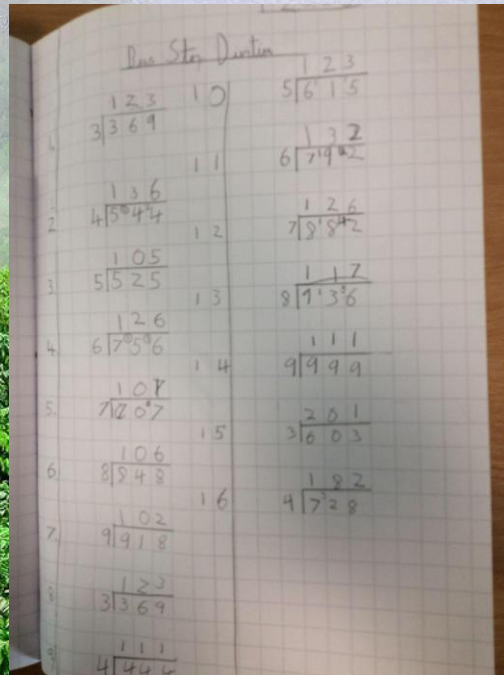

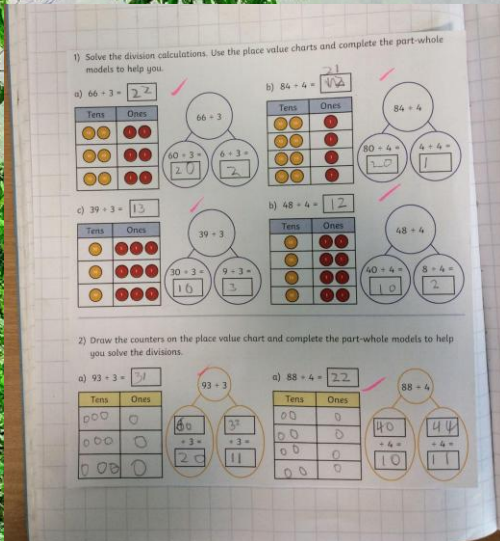

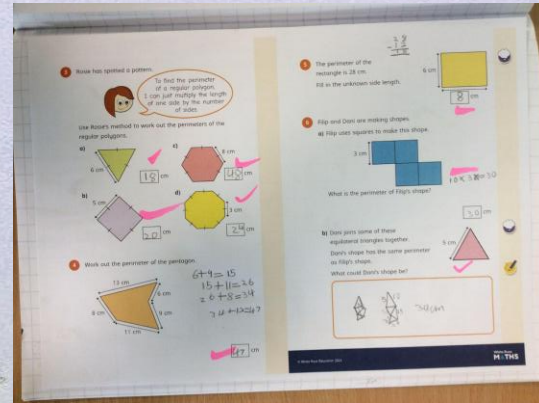

# Maths

In maths, we have been learning about measure. We have identified the different units of measure, learned how to measure perimeter and add/subtract and compare lengths.

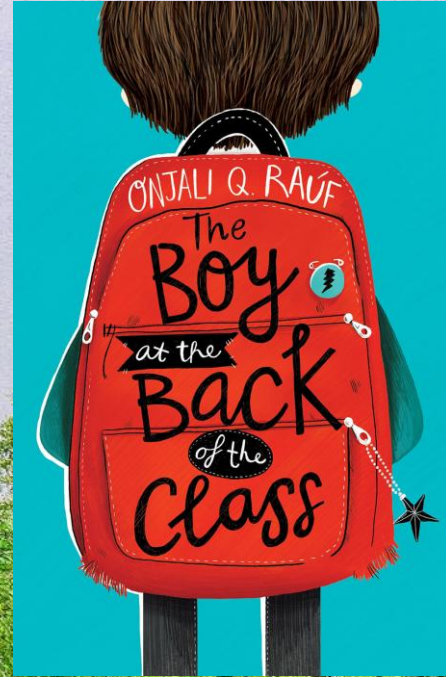

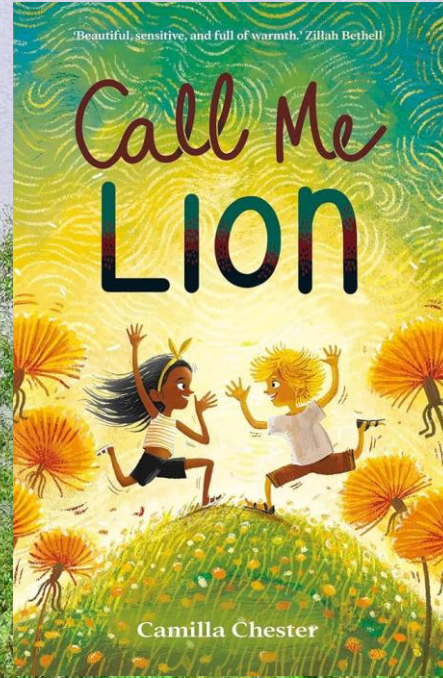

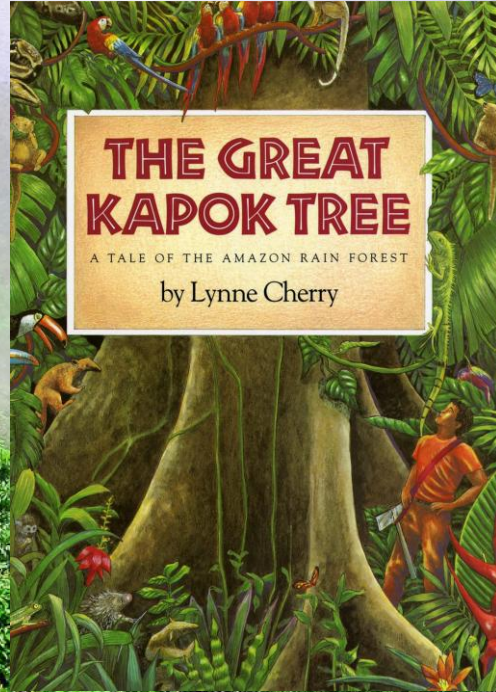

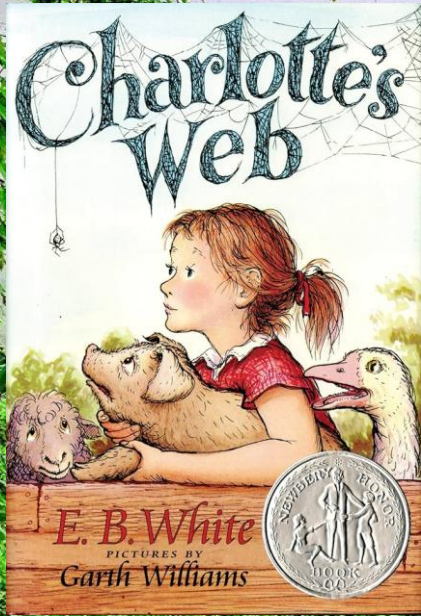

# Maths

We have also been practising our division skills and learning about fractions.

We have been reading...

# World Book Day

We had so much fun for World Book Day dressing as our favourite characters and discussing our favourite stories! We also welcomed parents and carers in for a cosy stay and share a story session.

# World Book Day

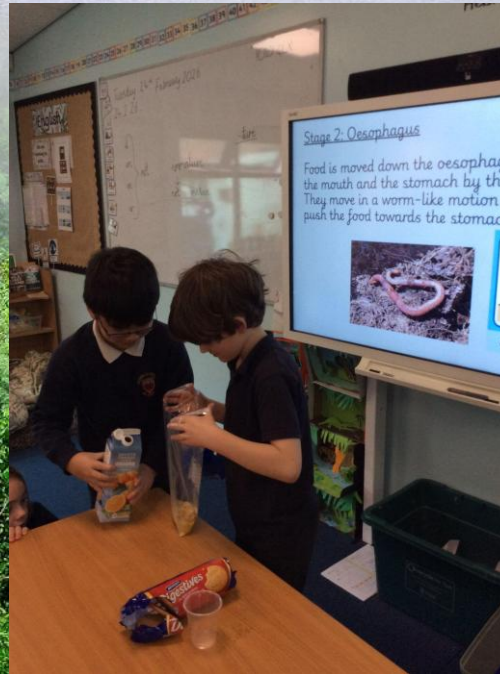

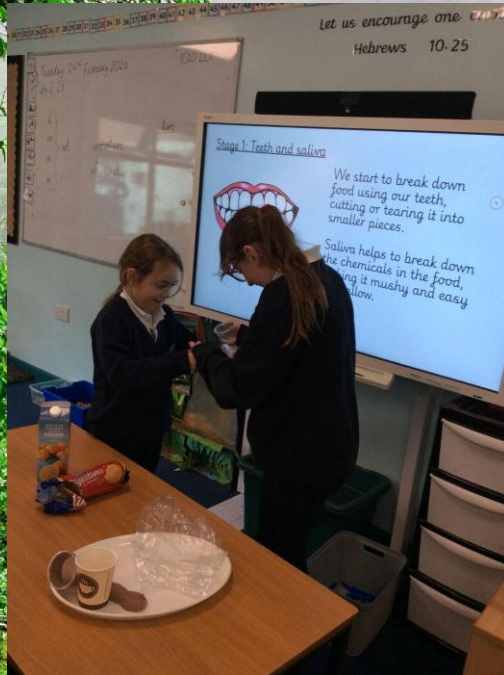

# World Book Day

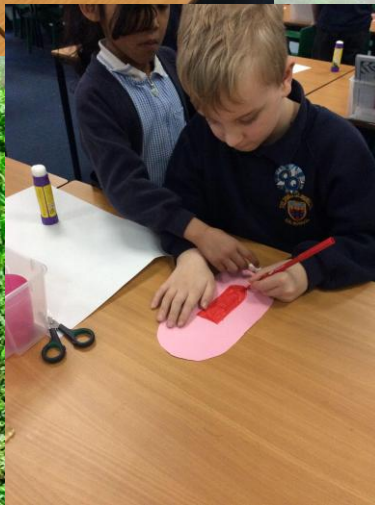

# Science

We have been continuing to learn about animals including humans. We have learned about the digestive system, food chains and conducted lots of exciting experiments during our Science Week.

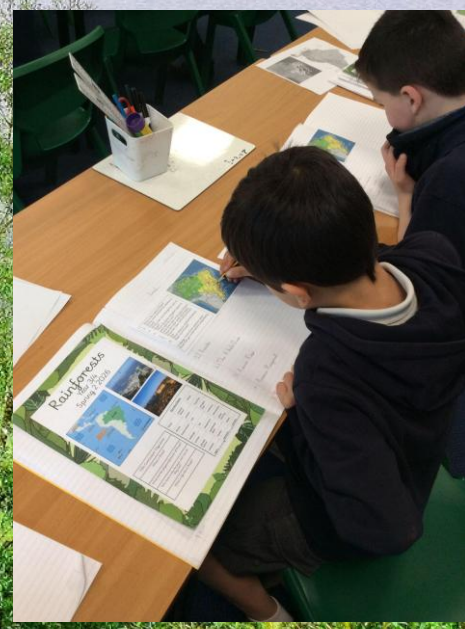

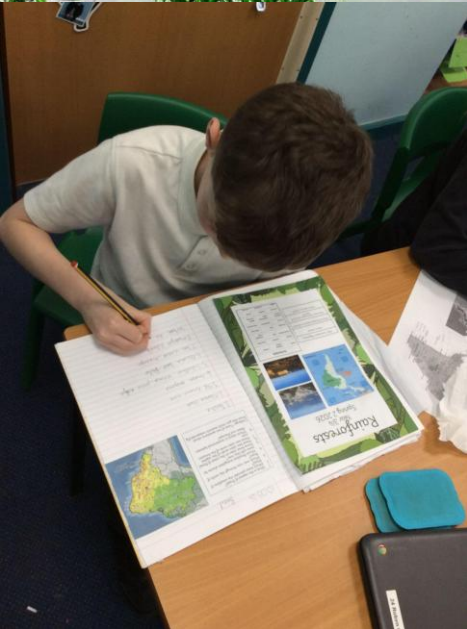

# Science

# Geography

We have been learning about other parts of Brazil alongside our rainforest learning. We have looked at where in the world Brazil is, written letters to tribes in Brazil and compared different parts of this country to one another.

# PE

In PE, we have been playing tag rugby! We have practised our throwing and catching skills and learned how to tackle fairly and safely.

# RE

Our big question in RE is 'Why is the Bible important to Christians?'

We have learned about how the Bible is organised, why it is important to Christians and how it can help people live a good life.

# RHE

In RHE, we have been learning about committed relationships and how our families can all be different.

Somebody moving away from the family home

Buying a different breakfast cereal

Getting a pet

A new baby

Trying out a new meal

Moving to a new house

A family connection between people

A romantic connection between people

The way that two or more people are connected together

The way that two or more people feel about and behave towards one another

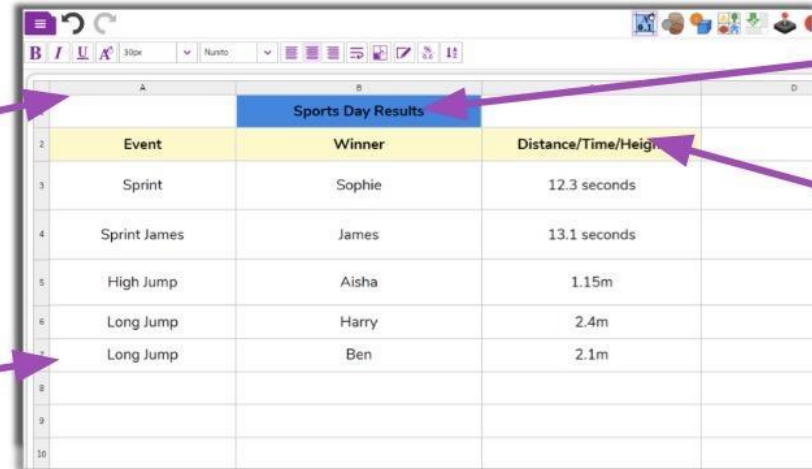

We have also discussed changes that can happen to a family and how those changes can be big or little and affect us in different ways.

# Computing

In computing, we have been exploring spreadsheets. The children have been incredibly resilient and have tackled different challenges which required them to manipulate the spreadsheets.

Columns and rows changed to be a better size.

Events grouped and ordered together.

The screenshot shows a spreadsheet with the following data:

Sports Day Results		
Event	Winner	Distance/Time/Height
Sprint	Sophie	12.3 seconds
Sprint James	James	13.1 seconds
High Jump	Aisha	1.15m
Long Jump	Harry	2.4m
Long Jump	Ben	2.1m

Annotations with arrows point to the title, the column headers, the data rows, and the grouped 'Long Jump' entries.

Appropriate title given.

Some text formatting (bold) and colour added to the cells with headings.

# Wild Area

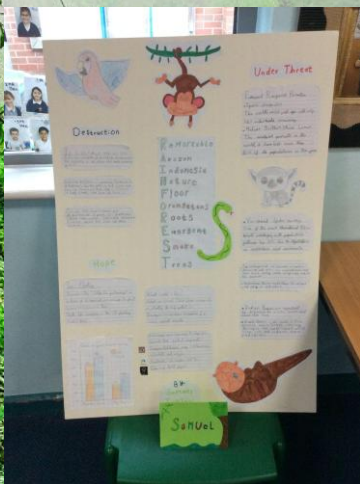

We have been taking part in lots of outdoor learning activities in our wild area. This has helped us develop lots of skills, ask brilliant questions and get a bit wet and muddy!

# Wild Area

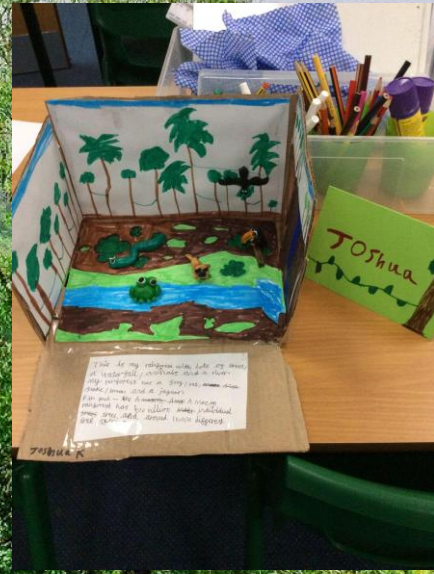

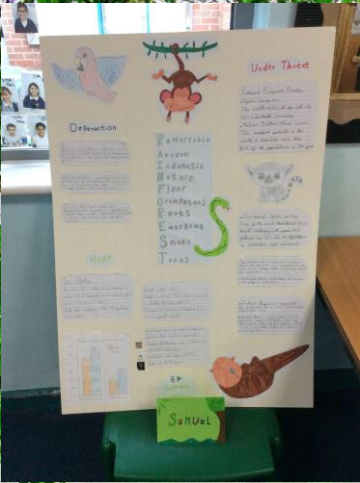

# Home Learning Gallery

We were blown away once again with the fantastic home learning projects made by the children for this topic!

# Home Learning Gallery

# The Great Kapok Tree Performance

We performed the Great Kapok Tree and created our own masks and props. We did an incredible job of learning lines, actions and songs and put on an incredible show!
